

Bring your publication to life!

Enhance your publication and stay relevant in today's ever-changing world of technology. With the ability to add photos, videos, and audio, InfoMarks allow writers to bring words to life and offer a new dimension to a reader's sensory experience. Actualize your article's characters with an InfoMark for their websites and contact info. You can also target your advertising with InfoMarks. A single InfoMark within an ad can offer a targeted call to action by providing web addresses, contact information, short videos, and more in limited ad space.

People

Animate your characters with videos, additional photos, contact info and more.

Publication

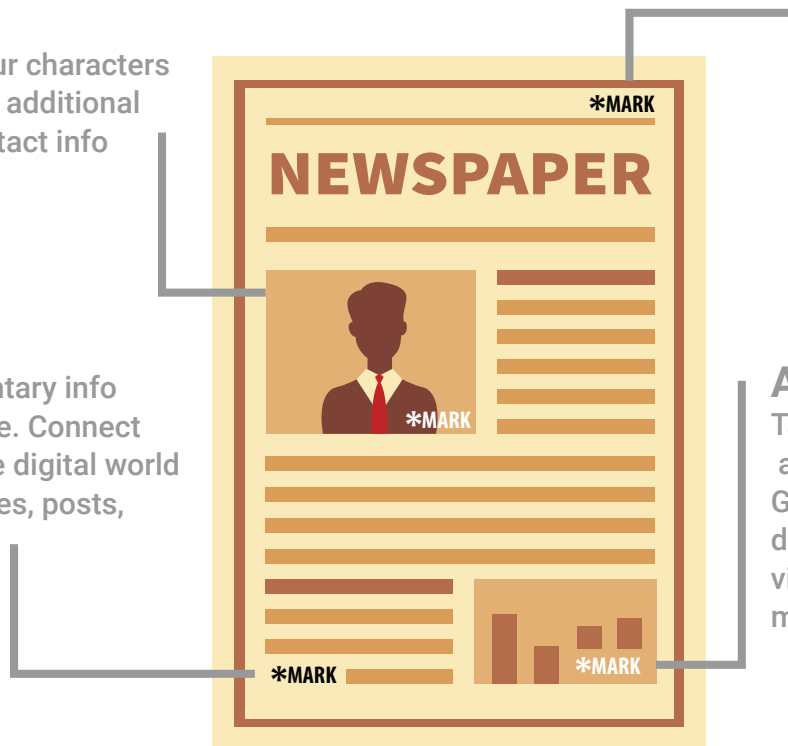

Give your audience a simple way to reach you. Share websites, notes, contacts, or even a way to quickly submit stories, videos, and audio!

Article

Offer complementary info about each article. Connect your article to the digital world with related stories, posts, and photos.

Advertising

Target your audience and bring your ads to life! Get your targeted readers directly to your contact info, videos, photos, coupons, and more in a limited space.
